Paint Professionals (Aust) Pty Ltd (the Business) are members of the Master Builders Association of South Australia (Master Builders). They have approached us to conduct an audit of their compliance with the National Code of Practice for the Building & Construction Industry and the Commonwealth Government Implementation Guidelines.

On my initial assessment, there is significant doubt as to what industrial instrument applies to the Business. In order to remedy this, the Business is in the process of preparing an enterprise agreement. Once lodged, this enterprise agreement will be compliant with the Code and Guidelines

The Business has also undertaken to complete the comprehensive review of their compliance with the Code and Guidelines on completion of the enterprise agreement.

While we are unable to confirm a timeframe for this process to be completed, we anticipate that, with the co-operation of the Business, this process will be completed within four weeks.

If you intend to utilise the services of Business, you should contact Master Builders Legal & Workplace Services Department on (08) 8211 7466 to confirm the status of this process.

Yours sincerely
